Materials respect limit pertaining to overall migration and specific restrictions under following testing conditions:

Simulant: As specified in Test report No. 64.165.15.03923.01

Time and temperature: As specified in Test report No. 64.165.15.03923.01

The overall limit migration, with all other specific restrictions which can be subjected monomers and/or additives which are present in the material, are respected in the use conditions mentioned above. This affirmation is supported by analytical tests or on the basis of migration calculations of substance according to Regulation (EU) 10/2011.

Specification of intended use or limitations:

Type (s) of food intended to be used with the product:
As specified in user guide

Ratio of the areas of the food contact materials to the volume used to determine the compliance of plastic food contact materials or article has been calculated in accordance with Regulation (EU) 10/2011, Article 17. Global migration ratio for the product is 6 dm²/kg
